1.0 RATIONALE

1.1 The Education Act requires that policies related to the discipline of students be based on procedural fairness.

1.2 As a registered and accredited school in NSW it is essential to ensure compliance with the Board of Studies Teaching and Educational Standards (BOSTES Registered and Accredited Individual Non-Government Schools (NSW) Manual – October 2014) that the College must have in place and implement:

1.2.1 Student welfare policies which develop a sense of self-worth and foster personal development. (Page 32)
1.2.2 Policies which either expressly prohibit corporal punishment or clearly and exhaustively list the school’s discipline methods so as to plainly exclude corporal punishment. (Page 36)
1.2.3 Policies that do not explicitly or implicitly sanction the administering of corporal punishment by non-school persons, including parents, to enforce discipline at the school. (Page 36)

2.0 GUIDING PRINCIPLES

2.1 Oakhill College gives high priority to the promotion of a positive relationship with and among staff and students: a relationship demonstrated in courtesy, co-operation, respect, friendliness and consideration for others.

2.2 At Oakhill College the Student Behaviour Management (Discipline) Policy is grounded in the philosophy of Lasallian pastoral care whereby all members of the school community:

2.2.1 Are treated with dignity and justice.
2.2.2 Feel safe and secure.
2.2.3 Are free to be involved in the teaching and learning process unhindered by anti-social behaviour.
2.2.4 Are acknowledged their rights, but are also aware of their responsibilities to themselves and others.
2.2.5 Are aware of the procedures that will be followed in managing inappropriate behaviour.
2.2.6 Are assured that teachers will adhere to procedural fairness and consistency in matters of discipline.
2.2.7 Know that students have been made aware of the consequences of their actions.

2.3 Violation of the rights of students, teachers or members of the public is a serious issue and jeopardises the credibility of our Catholic Lasallian ethos.

2.4 In the implementation of this Student Behaviour Management Policy, it is essential that all staff be consistent, persistent, committed to the process and firmly insist upon its application in the classroom, yard, and on excursions and other off site activities.

2.5 A teacher’s response to unacceptable behaviour is crucial to the effective operation of the school. The immediate aim of the teacher’s response is to make the student aware of his or her irresponsibility, and allow him or her to reflect on the consequences of his or her choices. The long term aim is the development of a more self-disciplined person.
3.0 POLICY

3.1 Student Management Programme - Level System

3.1.1 The Student Management Programme (Level System) focuses on a positive approach recognising and rewarding achievement, effort and excellence and ensures all students have an equal opportunity to develop to their full potential. The aim of the programme is to assist students in looking after themselves, each other and their school. It is hoped that through actively engaging with the Level System students will develop a sense of belonging in their school community which will in turn nurture a positive self-image and identity.

3.1.2 It should be the goal of every student to advance his / her way through the respective levels. He / she is encouraged to discuss his / her ongoing level promotion with his / her respective Dean. The Level System recognises a number of areas in which a student may contribute to College life, including: academic achievement, application and effort to studies, student leadership, community service, school service, exemplary attendance and outstanding contribution to co-curricular activities.

3.1.3 Students who continually contravene College rules will move down through levels. He / she will be provided as much support and guidance as is necessary to help them to take control of their behaviour. The supporting Safe School Policy clearly outlines expectations for student conduct.

3.1.4 Parents will be informed about any behavioural problems of their son / daughter that occur at school and are asked to support and assist the College in solving them.

3.1.5 Students will be promoted through levels as they show they are able to be positive and responsible members of the school community.

3.2 Good Order

In the interests of maintain good order, teachers at Oakhill College must insist on the following:

3.2.1 That movement around the school is quiet and orderly.
3.2.2 That students are punctual to class.
3.2.3 That classes be dismissed at the appropriate time, except in cases where common sense and sound judgement require otherwise.
3.2.4 That classes are not kept waiting or unsupervised at any time.
3.2.5 That all visitors and voluntary workers at the College are shown respect and courtesy.
3.2.6 That bad language (including its use in the yard or on a sports field) is never accepted.
3.2.7 That all classrooms are locked and/or access restricted during recess and lunch periods.
3.3  Key Components of the Student Management Policy

3.3.1 It is the responsibility of each employee (teachers and support staff) to develop effective, consistent and appropriate management strategies in day-to-day interactions with students as a preventative system of behaviour management.

3.3.2 These strategies should include a clear, consistent and graded method of dealing with inappropriate behaviours and should be developed in accordance with this Policy and the Staff Code of Conduct. It is the responsibility of each employee (teachers and support staff) to be familiar with these policies.

3.3.3 As a general rule, employees (teachers and support staff) will use their own management strategies in their initial dealings with students. However, students who display recurrent challenging behaviours, particularly unsafe behaviours should be referred to the appropriate person in line with the school's policy and procedures. If a student's conduct continues to be unacceptable, an individual behaviour management plan or student contract may be developed for that student. All relevant teachers should be made aware of this individual management plan and act in accordance with the procedures it documents.

3.3.4 Oakhill College expressly prohibits the use of any form of corporal punishment by staff. The College also prohibits the administration of corporal punishment by non-school persons, including parents, to enforce discipline at the school.

3.3.5 The following behaviour management practices by a teacher are neither acceptable nor permitted:

3.3.5.1.1 Sending a student outside the classroom during a class.
3.3.5.1.2 Sending a student who has misbehaved to another teacher (for example Dean or Student Coordinator) during a class unaccompanied.
3.3.5.1.3 Using an object such as a ruler, book or whiteboard marker to gain a child's attention in a hostile or an inappropriate physical manner.
3.3.5.1.4 Restraining a student for any purpose other than a student's actions causing imminent harm to self or others.
3.3.5.1.5 Hitting or kicking a student.
3.3.5.1.6 Holding a student.
3.3.5.1.7 Pushing, pulling, shoving, grabbing, pinching or poking a student.
3.3.5.1.8 Shaking or throwing a student.
3.3.5.1.9 Intimidating a student.
3.3.5.1.10 Swearing at a student.
3.3.5.1.11 Using sarcasm to humiliate a student.
3.3.5.1.12 Locking a student in a confined space.
3.3.5.1.13 Refusing biological needs as a means of punishment.
3.3.5.1.14 Applying painful or noxious conditions to a student.
3.3.5.1.15 Criticising a student rather than the student's actions.
3.3.5.1.16 Practices that instil fear or using fear as a means of controlling a student.
3.3.5.1.17 Practices which cause a student to feel alienated.

3.3.6 Teachers are responsible for the management of their own classroom discipline. This includes the management of demerit awards, detentions and keeping student records in Sentral.
3.3.7 All teachers have a shared responsibility for maintaining student discipline in non-classroom situations.

3.3.8 Homeroom and class teachers have responsibility for monitoring student attendance. A student who is regularly late to class should be referred to the relevant Dean. Students who are missing from class and this absence is not accounted for on Sentral (College Intranet) should also be referred to the relevant Dean.

3.3.9 Deans, Student Coordinators, Academic Heads, the Director of Studies and the Assistant Principals of Pastoral Care and Curriculum support the teachers in maintaining discipline in the classroom.

3.3.10 Deans, Student Coordinators, and the Assistant Principal - Pastoral Care support the teachers in maintaining discipline outside the classroom (for example in the yard).

3.3.11 Parents should be kept well informed of misbehaviour and the disciplinary sanctions applied to their children.

3.3.12 Student management issues should be handled on an individual basis where possible to preserve students’ dignity.

3.4 The Line of Responsibility

The line of responsibility in matters of discipline is as follows:

3.4.1 In the first instance the classroom or supervising teacher is responsible and has authority to insist on any matter which in her/his professional judgement is concerned with the good order of the College.

3.4.2 In cases where there appears to be no teacher immediately responsible for a particular situation, any member of the College teaching staff has the responsibility and authority to intervene in the interests of good order.

3.7.2 Breaches in the matter of alcohol or drugs merit no guarantee of any second chance and are regarded by the College as a matter which must be reported immediately to the Deans, Student Coordinators or the Assistant Principal - Pastoral Care.

3.7.3 A student may be required to have a blood test if he or she is suspected of being under the influence of drugs. Parental consent must be provided. The Police may be involved in investigations.

Any situation which appears to be an instance of fighting requires intervention by any member of staff. Teachers should exercise caution and seek assistance avoiding any physical involvement. Any physical violence shown by a student must be reported to his / her Dean, the Student Coordinators or the Assistant Principal – Pastoral Care.

3.10  Bullying

3.10.1 Oakhill College has an anti-bullying policy which is clearly outlined in the Student Diary. Bullying in any form is not tolerated at the College. Our Lasallian Principles state that “we are brothers and sisters to each other”.

3.10.2 Bullying occurs when a more powerful person or group of people repeatedly set out to hurt another person by their words or actions. Bullying can occur in many ways including: face-to-face, via social networking internet sites and by mobile phone.

3.10.3 Bullying can take the following forms:

3.10.3.1 Physical violence.
3.10.3.2 Teasing.
3.10.3.3 Suggestive comments or other forms of sexual harassments.
3.10.3.4 Spreading rumours.
3.10.3.5 Interfering with the property of others.
3.10.3.6 Calling people by offensive names.

3.10.3.10 Ridiculing a person's accent or appearance.
3.10.3.11 Forcing another person to act against their will, for example coercion into a fight.
3.10.3.12 Cyber bullying - engaging in the above behaviours via internet and mobile phones.

3.10.4 Bullying behaviour is deliberate, persistent and unfair. Bullying can have damaging effects on people if it is not reported.

3.10.5 Aims of school intervention

3.10.5.1 To ensure the protection of those subject to bullying.
3.10.5.2 To change bullying behaviours in individuals and groups.
3.10.5.3 To deter or dissuade other students from engaging in bullying behaviour.

3.10.6 How can bullying be prevented?

The school community must not accept bullying behaviours. As students of a Lasallian school "we are brothers and sisters to each other". Students in the College must speak up and report bullying to teachers. They need to realise the importance of reporting bullying. Sometimes it takes courage to speak up against something which is known to be wrong. This requires students to:

3.10.6.1 Refuse to be part of any bullying situation.
3.10.6.2 Take preventative action such as seeking advice from his / her parents, get help from friends or speak up for themselves, report bullying to his / her Dean.
3.10.6.3 Access available support services at the College.
3.10.6.4 Be familiar with the College policies and procedures for managing bullying.

3.10.7.3 Encourage your son/daughter to speak with his / her Dean or the Counsellors about the bullying.
3.10.7.4 Contact your child's Dean if his / her attempts to deal with bullying do not seem to be working.

3.10.8 If a student reports bullying:
3.10.8.1 The issue will be treated seriously and managed delicately.
3.10.8.2 The student will be advised of an appropriate management plan.
3.10.8.3 The situation will improve and the bully will be made accountable for their action.

3.10.9 If a student is bullying:

3.10.9.1 His / her parents will be contacted.
3.10.9.2 His / her Dean / Student Coordinator will manage him or her according to College Policy.

3.10.9.4 He / she will be required to take responsibility for his / her actions and apologise to those they have harmed.
3.10.9.5 He / she may be required to participate in counselling sessions and / or a mediation meeting.
3.10.9.6 In serious cases, a student will be withdrawn from classes or suspended from school.
3.10.9.7 The College reserves the right to terminate the enrolment of students who engage in bullying behaviours. Bullying can proliferate as long as the silence surrounding it is accepted. Speaking out is the greatest weapon we have against it. Tackling bullying is a whole-school responsibility.
3.10.9.8 The College promotes bystander behaviour. Research has shown that if a bystander intervenes in a bullying situation, there is a 50% chance the bullying will stop. Bystander intervention and using peer pressure in a positive way has been found to be the most effective way to stop bullying.

3.11 Sexual Harassment

3.11.1 Sexual Harassment is when a person sexually harasses another person if;

If the sexual harassment continues, or if a student is unable or unwilling to deal with or resolve the problem himself or herself that person should contact their House/Year Dean or the Assistant Principal – Pastoral Care for advice.

3.11.10 The only staff members and/or students who will be made aware of a complaint will be those whose involvement is necessary to resolve the problem. That is, appropriate confidentiality will be strictly maintained.

3.11.11 No staff member or student will be disadvantaged as a result of making a complaint. There will be no victimisation of any person who makes a complaint.

3.11.12 The College will take appropriate action if allegations are proved as a result of an investigation. Depending on the circumstances, it may become appropriate to involve relevant authorities such as the Human Rights and Equal Opportunity Commission or the Police in the investigation.

3.12 Mobile Phones

3.12.1 Oakhill College recognises that the possession of mobile phones by students at school can be of benefit to students and their parents. It also recognises teachers may wish to use the technology
present in modern mobile phones to aid teaching and learning, and students may be given permission to use these devices in the classroom.
