

## PARENT OR GUARDIAN'S CONSENT\_-TO THE PRINCIPAL OF OAKHILL COLLEGE CASTLE HILL

I hereby give permission for my son to play this sport for Oakhill College, including transportation to and from the playing venue by car or bus, including transportation to and from hospital in the event of injury. Whilst I appreciate the efforts made by the college to minimise the possibility of injury, I understand that there will remain some degree of risk inherent in participation in what is essentially a body contact sport or a sport that holds true risk of injury. I further understand that insurance cover is limited for Oakhill Sport at games or training and I acknowledge that if additional insurance cover is felt necessary I will be responsible for arranging such cover.

### **RISK WARNING FOR SPORTING ACTIVITIES**

#### **UNDER SECTION 5M OF THE *CIVIL LIABILITY ACT 2002***

#### **SPORTING ACTIVITIES**

#### **ON BEHALF OF THE INDEPENDENT SPORTING ASSOCIATION AND ITS MEMBERS BOTH FULL AND ASSOCIATE**

The Independent Sporting Association administrates and convenes inter-school sporting activities in which many students from its members' and associate members' schools participate. Students participating in these sporting events take part in practice, trails and competitions.

While the ISA takes measures to make the sporting activities as safe as possible for participants, there is a risk that students can be injured and suffer loss (including financial loss) and damage as a result of their participation in these sporting activities, whether at training or in actual events.

ISA and its member and associate member schools expect students to take responsibility for their own safety during sporting activities by wearing safety equipment, by thinking carefully about the use of safety equipment and by behaving in a safe and responsible manner towards team members, opponents, spectators, officials, property and grounds. The ISA also expects parents, spectators and other participants to behave in a safe and responsible manner and to comply with the ISA Code of Conduct.

Injury can occur while the student is engaging in or watching a sport activity, or travelling to and from the event. The injury may result from a student's actions or the actions of others.

On some occasions, an injury can be serious (such as torn ligaments, dislocations, back injuries, concussion or broken bones). In very rare cases the injury can be life threatening or result in permanent disability. If a student has a pre-existing injury, participating in a sporting activity could result in an exacerbation of that injury.

Students can also suffer loss as a result of their personal property being lost, stolen, damaged or destroyed.
